

Jonathan Sicsic | Curriculum Vitae

Born 3 October 1988 in Hyères, France
2 children

Professional addresses

-Teaching: IUT de Paris - Rives de Seine. 143 avenue de Versailles, 75016 Paris
-Research: LIRAES (URP 4470). 45 rue des Saints-Pères, 75006 Campus Saint Germain. Université Paris Cité.
Email: jonathan.sicsic@u-paris.fr | Last update: February 2024

Current situation and previous positions

2023-	Associate professor (MCF HDR) in Economics	Université Paris Cité
2022-	Research associate at LIEPP - health policy team	Sciences Po Paris
2019-	Assistant professor in Economics	Université Paris Cité

Current appointment

2022-	Head of studies 1 st year. Marketing & Sales department	IUT Paris-Rives de Seine
-------	--	--------------------------

Scientific responsibilities

2023-	Scientific director of the Aging UP! excellence chair	Université Paris Cité
2022-	LIRAES health economics team leader	Université Paris Cité
2019-	LIRAES research seminar organizer	Université Paris Cité

Previous positions (pre & post-doctoral)

2017-19	Postdoc researcher in health economics. LIRAES	Université Paris Descartes
2017	Visiting fellow. Health Economics Research Unit	University of Aberdeen
2015-17	Postdoc researcher in health economics. CLB GATE	Université Lyon 1
2011-14	PhD candidate in Health Economics. Cermes3 UMR 8211	CNRS - Inserm

Education

2023	Accreditation to supervise PhD students (HDR)	Université Paris Est
2011-14	PhD in Economics	Université Paris Dauphine
2008-11	Statistician-economist engineer diploma	ENSAI
2006-08	CPGE Hypokhâgne-Khâgne scientifique B/L	Lycée Thiers, Marseille

Research activities (summary)

h-index: 14 ; i10 index: 21 | ORCID: <https://orcid.org/0000-0002-5509-4791>

Research topics: health economics, economics of aging, behavioral economics, applied econometrics, choice modelling

JEL codes: C2, C3, C9, D9, I1, J2

Collective, scientific and editorial activities

- 2023- Member of the scientific committee of the Journées des Economistes de la Santé Français and elected board member of the Collège des Economistes de la Santé
- 2022- Editorial board member of BMC Health Services research journal (IF : 2,9)
- 2020- Expert for LIEPP projects appraisal, Science Po Paris
- 2019- Scientific committee of the LIRAES PhD doctoral day

Reviewer (past and present)

~ 40 original reviews (2014-2023)

Journal of Health Economics, Health Economics, Social Science & Medicine, European Journal of Health Economics, Applied Health Economics & Health Policy, British Medical Journal, European Journal of Cancer, Journal of Environmental Economics & Policy, Journal of Medical Economics, Medical Decision Making, Revue Française d'Économie, Revue Économique, Value in Health, etc.

PhD thesis committee

- 2023- Clara Dugord: “Déterminants et transmission des comportements de recours à la prévention sur longue période”. Université Paris Dauphine (21/12/2023, *dir.* C. Franc). *Suffragant*.
- 2022- Christophe Loussouarn: “Effet des modes de rémunération et d’organisation des soins sur l’activité des médecins généralistes libéraux en France”. Université Paris Est Créteil (28/06/2022, *dir.* Y. Videau) - *Suffragant*

PhD thesis monitoring committee (CSI)

- 2021- Thomas Martinez. PhD in Economics (*dir.* Y. Videau et T. Barnay) | UPEC
- 2017-2022 Christophe Loussouarn. PhD in Economics UPEC (*dir.* Y. Videau) | UPEC

Member of recruitment committee

- 2022 Assistant professor in economics (tenured), U. Paris Dauphine - PSL (LEDa)
- 2021 Assistant professor in economics (tenured), U. Paris Est Créteil (Erudite)
- 2020 Lecturer in mathematics for the GEA department, IUT Paris - Rives de Seine

PhD and master’s student work supervision

PhD students

- 2023- PhD in Economics - Elise Meto: “Etude des préférences des parents dans la prise en charge du trouble de l’attention et de l’hyperactivité” with Y. Videau (co-supervisor) Université Paris Est Créteil
- 2022- PhD in Economics - David Astrid Bertrand: “Essais sur les déterminants de l’offre et de la qualité en EHPAD” with T. Rapp (co-supervisor). U. Paris Cité
- 2021- PhD in Public Health - Gaelle Lièvre: “Étude des facteurs comportements associés à un risque augmenté d’exposition à une infection par le SARS-CoV-2” with A. Fontanet (co-supervisor). Institut Pasteur.

2019-22 PhD in Public Health - Sandra Chyderiotis: “Préférences des adolescents et des parents autour de la vaccination HPV. Utilisation de la méthode des choix discrets en vue d’interventions with Judith E. Mueller (*main supervisor*). Institut Pasteur.

Master 2 theses supervising (since 2015)

- 15 Master 2 theses supervised
- 4 Master 2 research internships supervised

Teaching activities

Master’s level (*full semester*)

2023-	Economics of the health and welfare sector MBA Directors of Health Care Centers	INSEEC Paris <i>14h</i>
2021-	Introduction to Econometrics M1 Health Economics & M1 Banking and Finance	Université Sorbonne Abu Dhabi <i>35h</i>
2020-	Advanced econometrics Discrete choice models M2 Health Economics & M2 Applied Economics	Université Paris Cité <i>18h</i>
2015-17	Multidimensional data analysis (with R) M2 Public Health (major in Healthcare organization)	Université Paris Sud <i>15h</i>
2014-17	Introduction to health economics M1 Public Health	Université Paris Sud <i>24h</i>

Bachelor level (*full semester*)

2022-	International economics Second year BUT TC Business International major	IUT de Paris - Rives de Seine <i>30h</i>
2020-22	History of economic thought Second year DUT TC	IUT de Paris - Rives de Seine <i>20h</i>
2021-	Quantitative methods in economics First year BUT TC Second year BUT TC	IUT de Paris - Rives de Seine <i>40h</i> <i>30h</i>
2019-21	Applied mathematics & statistics First year DUT TC Second year DUT TC	IUT Paris Descartes <i>70h</i> <i>60h</i>
2020-	Internships & projects mentoring	IUT de Paris - Rives de Seine
2017-18	Applied Econometrics Third year economic Bachelor	Université Paris Descartes <i>40h</i>
2013-14	Introduction to econometrics Third year economic Bachelor	Université Sorbonne Paris 1 <i>40h</i>
2012-14	Microeconomics Frist year Economic Bachelor (DGEAD)	Université Paris Dauphine <i>64h</i>

Short courses

2023-	Economic modelling of infectious diseases prevention M2 Microbiology & biological engineering	Université Paris Cité 3h
2022-	Mentoring of final engineer economic projects (3 ^d year)	ENSAI
2021-	Modelling preferences in health economics M2 Medical Ethics	Université Paris Cité 3h

Funding and grants

(Co)- principal investigator

2023-2026	Mécénat Axa Chaire Aging UP! - Fondation Université Paris Cité. 1,3 M€ Project: "Evaluate the economic impact of aging, the long-term care public policies and the value of innovations for the elderly and their caregivers" (with T. Rapp - Chair holder). Scientific direction.
2020-2022	Université de Paris / King's College London Joint Research Award. 23 k€ <u>Project</u> : "The impact of Long-Term Care policies on frailty risk for older people in Europe and the UK" (with T. Rapp, P. Avendano, L. Carrino)
2017	PRESTIGE post-doc outgoing mobility grant (n°2016-2-0009). 12 k€ <u>Project</u> : "Choice (un)certainity and rational decisions in stated preferences discrete choice experiments" (Principal Investigator)
2013-2015	Institut National du Cancer (INCa). 95 k€ <i>AAP accompagnement des politiques de prévention et de dépistage précoce des cancers</i>

Project: “General practitioners’ preferences for interventions to increase their cancer screening activities” (co-investigator with C. Franc)

2013-2015 | Cancéropôle Ile de France. 47 k€
AAP Projets libres de Recherche en SHS
Project: “Trends in cancer screening behaviors, role of the GP and impact of economic incentives” (co-investigator with C. Franc)

Co-investigator or partner

2022-2025 | ANR JCJC generic call 2022. 326 k€
Group 3 leader “Evolution of sexual healthcare use and women’s preferences”
GYMS project: « *Women’s sexual health in France: supply changes, professional practices and healthcare use* » (PI: Q. Roquebert)

2021-2024 | ANR JCJC generic call 2021. 246 k€
Contributor to working groups 2 et 3 « Determinants of young doctors specialty choices »
MedSpe project: “*French medical doctors: specialty and practice location choices*” (PI: M. Dumontet)

2018-2026 | H2020 (n°755394). 12,5 M€
Contributor to WP5 - The economic and societal impacts of risk stratified screening (WP leader: S. de Montgolfier)
MyPeBS project (My Personal Breast Screening): « *International randomized study comparing personalized, risk-stratified to standard breast cancer screening in women aged 40-70* » (PI: S. Delalogue)

2017-2020 | Innovative Medicines Initiative (IMI1-Call 9, Grant n°115621). 56 M€
Contributor to WP5 - The economic consequences of frailty in Europe (WP leader : T. Rapp)
SPRINTT project: « *Sarcopenia and physical frailty in older people: multi-component strategies* » (PI: R. Bernabei)

2019-2023 | Institut de Recherche en Santé Publique (IReSP). 1,5 M€.
Team 7 – Parental and adolescents’ preferences towards HPV vaccination at school. Diagnostic phase (leader: J.E Mueller)
PrevHPV project: « *Research project in humanities, social sciences and epidemiology related to the acceptability of vaccination against HPV among boys and girls of school age* » (PI: N. Thilly)

2015-2017 | Institut National du Cancer. 200k€
Co-investigator (grant holder: N. Moumjid)
Project: “*Women’s preferences and trade-offs in breast cancer screening*”.
